

# I Don't Know How

Margaret Becker

Feels like it's all gone crazy  
Lying here tonight  
Just can't work it out  
And I wish that You were nearer now  
So I could feel You by my side 'cause  
I know You'll make it all right

And I don't know how  
Anybody goes without something to believe in  
I don't know why we do  
And I don't know how  
Anybody finds their way without something to believe in  
I just know I need You

And I don't know what I'd do without You  
Where I'd go  
To find some kind of a peace  
'Cause even when the night comes down  
And I find it hard to breathe  
I still feel You're right here with me

And slipping through my curtains  
Is a light coming off the street  
Right now it's the only light I see  
And even on the nights like this  
When I'm driven to my knees  
I run to You and I know  
You cover me
