

was it not

Marian Hill

I've been around the world more than once
You said it's something we should do
I found a polaroid crumpled at the bottom
I couldn't tell if it was you

Was it May on the lake, was it not?
Everything is a dream I forgot
When we stayed in LA, was it hot?
Everything is a dream I forgot (I forgot)

Was, was it not?
W-w-w-was it, was it, was it not?
Was, was it not?
W-w-w-was it, was it?

I don't even know where you are
Was it you who taught me to count the stars?
Or maybe that was later with someone else
Up on the roof, that lilac smell

Was it May on the lake, was it not?
Everything is a dream I forgot
When we stayed in LA, was it hot?
Everything is a dream I forgot (I forgot)

Was, was it not?
W-w-w-was it, was it, was it not?
Was, was it not?
W-w-w-was it, was it, was it not?

I took the polaroid, picked it up
Thought I might hang it in my room
I thought it lingered there, hovered for a second
I couldn't find the place for you

I don't even know how I feel
Was it you who asked me if love was real?
I don't know if you meant it but all the time
You found your way and I found mine

Did we drive through the night, did we walk?
Everything is a dream I forgot
Was it I said goodbye, was it not?
Everything is a dream I forgot

Was, was it not?
W-w-w-was it, was it, was it not?
Was, was it not?
W-w-w-was it, was it?

When we stayed in LA, was it hot? (Was, was it not?)
(W-w-w-was it, was it, was it not?)
Everything is a dream I forgot
