

Dancing Shadows

Mario

Oh, I won't pace ya
Oh, I want taste ya
Oh, yeah

If I could stop these visions,
If I could erase your reflection
I would take those nights and set them free
If I could just remind you
Show you what my hands can do
Let them become what words are meant to be, oh

I know what you need from me
Let me be your mirror baby
In the dark, I'm the one you see
On the walls like dancing shadows

We both could be wrong (Oh, such a beautiful soul)
Let's just play along (Oh, dancing shadows)
If we leave it wouldn't be right
This time (No, it wouldn't be) You're mine (You're gonna see)
I know this can't be wrong (Dancin' shadows)
Let's just play along (All over me)
Perfect symphony, dancing shadows (You can, you can just)
You can turn the lights off babe (But I love your shadow)

You speak words like the Bible
In front of me, what you're headin' to
Why can't we live this truth and set us free? Oh, oh
I know what you need from me
Let me be your mirror baby
In the dark, I'm the one you see
On the walls like dancing shadows

We both could be wrong (Oh, such a beautiful soul)
Let's just play along (Oh, dancing shadows)
If we leave it wouldn't be right
This time oh, you're mine, you're gonna see
I know this can't be wrong (Dancin' shadows)
Let's just play along (Oh)
(Can we just, can we just, can we just, can we just)
You can turn the lights off babe, but I love your shadow
Oh yeah

(Dancin' shadows)
