

Too Good A Memory

Mark Chesnutt

Too I had it all in my hand and then lost it on a one-
night stand
If there's a bigger fool than me I'd like to know who it could
be
I was down in the dark when you turned the light on in my heart
And this time love won't get away from me

Cuz I've got too good a memory how bad a lonesome night can be
I've learned my lesson well, I got no desire to go back to hell
Just me and my regret, that's company you don't forget
I got too good a memory

All alone out of town and her eyes were saying fool around
If my old self were here tonight, well it'd be saying it's all
right
But after all I've been though she's one thing I don't need to
do
Wrong and right are clear as black and white

Cuz I've got too good a memory how bad a lonesome night can be
I've learned my lesson well, I got no desire to go back to hell
Just me and my regret, that's company you don't forget
I got too good a memory

Just me and my regret, that's company you don't forget
I got too good a memory

Yeah I've got too good a memory how bad a lonesome night can be
I've learned my lesson well, I got no desire to go back to hell
Just me and my regret, that's company you don't forget
I got too good a memory
I've got too good a memory
Yeah I've got too good a memory
