

# Old Pigweed

Mark Knopfler

**B**

Everything was in there

**E E7M A**

That you'd want to see

**B**

Corned beef and onions

**E E7M A**

And true love

**B E**

Turnips and tinned tomatoes

**C#m B A**

Parsnips and a few potatoes

A couple extra blessings

**B A**

From above

**B**

Now this here mingle-mangle

**E E7M A**

Was my best one yet

**B**

A big old bad goulash

**E E7M A**

Worth waiting for

**B E**

And i'm just about to dip my can

**C#m B A**

Taste some brotherhood of man

**B**

When I get a feeling

**A**

That there's a flaw

**B**

Who put old pigweed

**E**

In the mulligan

**C#m B A**

Was it you

Who put old pigweed

**E B A**

In the mulligan stew

**B**

I close my eyes

**E**

For just a minute

**C#m B A**

What do you do

**E**

Who put old pigweed

**B E**

In the mulligan stew

**B**

In the mulligan

**E**

In the mulligan

In the mulligan stew

You won't find self-improvement or philosophy

In a dumpster sitting by

The kitchen door

There's plenty leek and humble pie

Ain't too much ham on rye

Sometimes I wonder

What i'm looking for

But a spoonful of forgiveness

Goes a long, long way

And we all should do our best

To get along

Add a pinch of kindness crumbling

To your loving dumpling

Okra for thickening

When something's wrong

But who put old pigweed

In the mulligan

Was it you

Who put old pigweed

In the mulligan stew

I close my eyes

For just a minute

What do you do

Who put old pigweed

In the mulligan st
