## **Quality Shoe**

## **Mark Knopfler**

You got your toecaps reinforced with steel (And a) Hard-wearing sole and heel Make those tired feet feel like new Take your pick, black or brown Great for the country or the man in town You're gonna need a quality shoe

You don't want no stand-by pair 'Cos these'll take the wear and tear Made to take good care of you For that trip by road or rail For extra grip on those rocky trails You're gonna need a quality shoe

Now they maybe ain't too hot for dancing But I don't foresee too much of that You ain't exactly gonna be prancing Around in the moonlight With a cane and a top hat

If you could use a change of pace
And be excused from the rat race
Just take a look at what's on view
Lace 'em up, walk around
I guarantee you can't wear 'em down
You're gonna need a quality shoe

Now I wish you sunny skies
And happiness wherever you may go
But you got to realise
There'll be wind, there'll be rain
And occasional snow

You're gonna want to smile in them
If you're gonna walk a mile in them
There'll be times when you'll be blue
To laugh at rainy days and then
Make your getaways in them
You're gonna need a quality shoe

You got your toecaps reinforced with steel (You got your) Hard-wearing sole and heel Make those tired feet feel like new Take your pick, black or brown Great for the country or the man in town You're gonna need a quality shoe
