

# Cold

Maroon 5

Cold enough to chill my bones  
It feels like I don't know you anymore  
I don't understand why you're so cold to me  
With every breath you breathe  
I see there's something going on  
I don't understand why you're so cold

Are we taking time or a time out?  
I can't take the in-between  
Asking me for space here in my house  
You know how to fuck with me  
Acting like we're not together  
After everything that we've been through  
Sleeping up under the covers  
How am I so far away from you?

Distant, when we're kissing  
Feel so different  
Baby tell me how did you get so

Cold enough to chill my bones  
It feels like I don't know you anymore  
I don't understand why you're so cold to me  
With every breath you breathe  
I see there's something going on  
I don't understand why you're so cold, yeah  
Woah, yeah  
Woah, yeah  
I don't understand why you're so cold

What you holdin' on, holdin' on for?  
If you wanna leave just leave  
Why you wanna bite your tongue for?  
The silence is killing me  
Acting like we're not together  
If you don't want this, then what's the use?  
Sleeping up under the covers  
How am I so far away from you?

Distant, when we're kissing  
Feel so different  
Baby tell me how did you get so

Cold enough to chill my bones  
It feels like I don't know you anymore  
I don't understand why you're so cold to me  
With every breath you breathe  
I see there's something going on  
I don't understand why you're so cold, yeah  
Woah, yeah  
Woah, yeah  
I don't understand why you're so cold, yeah  
So fuck this cold world  
Woah, yeah  
So fuck this cold world  
Woah, yeah  
So fuck this cold world

I don't understand why you're so cold

Never thought that you were like this  
I took the tag off and made you priceless  
I just spent half a mill' on a chandelier  
Now you tryna cut me off like a light switch, yeah  
Tryna stay, and I leave  
Saying that you need some time to breath  
Thinking that I'm sleeping on the four letter word  
But the four letter word don't sleep  
We goin' two separate ways  
You ain't been actin' the same  
You gotta go, but where your heart used to be  
You gold dig every day  
I switched the four door to the two door  
'Cause I can't let my driver hear what you say  
Girl I tried to give you space  
Baby tell me how did you get so

Cold enough to chill my bones  
It feels like I don't know you anymore  
I don't understand why you're so cold to me  
With every breath you breathe  
I see there's something going on  
I don't understand why you're so cold  
So fuck this cold world  
Woah, yeah  
So fuck this cold world  
Woah, yeah  
So fuck this cold world  
I don't understand why you're so cold, yeah  
So fuck this cold world  
Woah, yeah  
So fuck this cold world  
Woah, yeah  
So fuck this cold world  
I don't understand why you're so cold
