

Somebody's Dancing

Marquess

Love me
Feed me with your eyes
Find me
Catch me with your smile
I don't care about time we have
Finally we have to leave the day
because he never know theist
the last we live here and now

somebody's dancing while we cry
and somebody's taking place when we die
somebody's dreaming while we sleep
and somebody sleep us

save me
find me
kiss me with your skin
charm me touch me with your breath
I don't care about the rest of time
Finally we have to leave the day
because he never know theist
the last we live here and now

somebody's dancing while we cry
and somebody's taking place when we die
somebody's dreaming while we sleep
and somebody sleep us

Live alone dream alone
Every day como son corazon
Duro dia
Live alone dream alone
Every day como son corazon
Duro dia
Duro dia

somebody's dancing while we cry
and somebody's taking place when we die
somebody's dreaming while we sleep
and somebody sleep us

somebody's dancing while we cry
and somebody's taking place when we die
somebody's dreaming while we sleep
and somebody sleep us
