

# I Wanna Be There

Martina Topley-Bird

I wanna be there when you arrive  
I wanna see her I'll shred her eyes  
I wanna be here when you defy  
I wanna see it with my own eyes  
You know you can't leave me fraying  
I don't know what I'd do with myself  
On the day I see you coming  
I don't know what I'll do with myself

I don't like your sense of fun  
I'll be laughing, watch you run  
I don't like your sense of fun  
I'll be laughing, watch you run, run, run

I wanna be there  
I wanna be there
