

Ragga

Martina Topley-Bird

Someone wanna come around
Dumpin' fun around
I bring my bat around
And pop one in your shoulder
And pop one in your shoulder
Pop one in your shoulder

I come as fast as this
Like a Viper Kiss
Tricky make a vapour
Make you get your cold on

I wrap my tongue around
You get to be the clown
I come like underground
I make you feel older

Oh I like it so much
I'm doing things I wouldn't normally do
And when it comes to your touch
I'm doing things I wouldn't normally do

I wrap my tongue around
You get to be the clown
I come like underground
I make you feel older

I wrap my tongue around
You get to be the clown

Oh I like it so much
I'm doing things I wouldn't normally do
And when it comes to your touch
I'm doing things I wouldn't normally do

Someone wanna come around
Dumpin' fun around
I bring my bat around
And pop one in your shoulder
And pop one in your shoulder
Pop one in your shoulder
Pop one in your shoulder
Pop one in your shoulder

Oh I love it so much
I'm doing things I wouldn't normally do
And when it comes to your touch
I'm doing things I wouldn't normally do
I'm doing things I wouldn't normally do
I'm doing things I wouldn't normally do
