

# You Sure Love to Ball

Marvin Gaye

Oh baby please turn yourself around  
Oh baby so I can love you good  
Oh baby I'll make you feel so good  
Oh sugar just like you want me to

Oh baby you sure love to ball  
Oh baby you sure love to ball

Oh honey I hope you never freeze  
I love you I love you so much  
Oh baby baby don't ever go away  
Stay with me baby, I'll love you night and day

Oh baby you sure love to ball  
Oh honey you sure love to ball

Oh now I just love you that's all  
I've got my mind made up baby  
Oh there's no doubts oh baby  
That you're my foxy lady

Oh baby you sure love to ball  
Oh sugar you sure love to ball

All, all I know now baby  
Hey baby is love you some more  
Oh come on in and let me love you  
Oh baby come for more
