

# Save Me

Mary Mary

It was once upon a time not long ago  
Lived a little black boy in the middle of the ghetto  
Pretty good kid but he always found trouble  
Inner city life it ain't hard to find trouble  
No income in the home you find struggle  
2 years struggling it's no puzzle  
He hit the block hard and found him a hustle  
Burned the wrong bridge and now he needs muscle  
He tried to let it go but the streets don't forgive  
I guess they ain't heard of live and let live  
But after going round and round he broke it down finally found  
out  
That only god can save him now

Save me now, please save me now, save me now, please save me now  
I'm on my knees, down at the floor  
You're the one i need oh lord  
Save me now

I heard the story many times before/still i'm wondering  
How in the world did i get here/and what am i doing  
Took the ring and acted like i do/without the ceremony  
Now i got three little ones and i'm/hurting and i'm lonely  
Threw away my dreams when i left school/now i'm 22 never should  
've choose him over you

Take me away/i don't wanna stay here  
I wanna go/back to the beginning  
To that place/where love is forever  
You and me together  
Lord will you please
