

I Know You

Mason Jennings

You're not just some good reason to me
You're not just some other place to be
Your every move is precious to me
Your heart is magic and foreign to me

But I know you
But I know you

I've never felt nothing like this before
I don't know what to expect anymore
You're bringing out new colors in me
Your heart is hidden in straight mystery

But I know you
But I know you
But I know you
But I know you

Even though our hearts are aching
We know that we're not mistaken
Every dream we dream keeps coming true
Even though nothing's for certain
We know that there's magic working
All we wanna do is see it through
All we wanna do is see it through now
All we wanna do is see it through

See it through
See it through

We've felt it, and we've felt it alive
And we knew it, and we knew it was time
Most people, they don't make sense to me
I don't know much in this worldly seed

But I know you
But I know you
But I know you
I know you
