

Gone Away

Massari

Its on my mind to sit around and think about it
You know I like you so ima gonna sing about it
I put my love inside you and dream about it
And now I need your loving don't wanna be without it
Day and night sittin' by the damn phone
Tired like you trying to bring your man home
And when I hear you crying girl I cant't call
When all you need from me is just to say close

Gone away, I know your gone away
I know your gone away
I know your goneeeee and I don't wanna live another day
Gone away I know your gone away
How could you
Gone away I know your gone and I don't wanna live another day

I tell you just to pray for me and move on
You tell me what you feel for me is too strong
And you been cryin' up for me for so long
And even though it's right I'm feeling so wrong
And now you got me acting like I didn't know you
I'm not gonna be around here so I cant control you
But I can only tell you what I wanna show you
I'm your love but you can find someone better for you

Missed you waking up in the morning
If I can see your face I'll apologize
But no matter how bad I want it
I know that ill be with you in another life

Missed you waking up in the morning
If I can see your face I'll apologize
But no matter how bad I want it
I know that ill be with you in another life

I heard your with somebody that treats you better
And even though before you stay with me forever
And now I'm seeing that well never be together
And I now I seen it coming from the damn matter
And I'm sitting lonely in this empty house
And all I got is memories to think about
And even though I'm broken ima make it out
And your loving is something that ima deal without

I missed you waking up in the morning
If I can see your face I'll apologize
But no matter how bad I want it
I know that ill be with you in another life

I missed you waking up in the morning
If I can see your face I'll apologize
But no matter how bad I want it
I know that ill be with you in another life
