

## Call the Gypsy

### Masterplan

Riding through the black of night, to bring you to my knees  
To beg forgiveness for your souls, and never left alone  
Dress your bodies black and white, won't you pray for me  
Just a memory in time... it never lies  
Beg for mercy in my eyes  
Call the gypsy... Put your mirror on the wall  
Throw your earth into the grave, and wipe your tears away  
Just your sorrow blindly gave... Bring peace to me  
Beg for mercy on this day  
Call the gypsy... Put your mirror on the wall  
Calling all you... Listen for your dying call  
Call the gypsy... I'm waiting for your dying call
