

Closer to Love

Mat Kearney

She got the call today
One out of the gray
And when the smoke cleared
It took her breath away

She said she didn't believe
It could happen to me
I guess we're all one phone call from our knees

We're gonna get there soon

If every building falls
And all the stars fade
We'll still be singing this song
The one they can't take away

I'm gonna get there soon
She's gonna be there too
Cryin' in her room
Prayin' oh, Lord come through

We're gonna get there soon

Oh, it's your light
Oh, it's your way
Pull me out of the dark
Just to shoulder the weight
Cryin' out now
From so far away
You pull me closer to love
Closer to love

Meet me once again
Down off Lake Michigan
Where we could feel the storm blowin'
Down with the wind

And don't apologize
For all the tears you've cried
You've been way too strong now for all your life

I'm gonna get there soon
You're gonna be there too
Cryin' in your room
Prayin' Lord come through

We're gonna get there soon

Oh, it's your light
Oh, it's your way
Pull me out of the dark
Just to shoulder the weight
Cryin' out now
From so far away
You pull me closer to love
Closer to love

Cause you are all that I've waited for all of my life
(We're gonna get there)
You are all that I've waited all of my life

You pull me closer to love
Closer to love
Pull me closer to love (You are all that I've waited for)
You pull me closer to love
Closer to love
Closer to love (Cause you are all that I've waited for)
Closer to love

Pull me closer to love
