

I Wish You Were Here

Matchbook Romance

Shallow it seems
But I need you here

From me to you,
I know I can't feel a thing, oh

Sing me to sleep
I won't fight it when you leave

Oh
I wish you were here
I wish you were here
I wish you were here
Oh.

Desperate it seems
But I can't breathe
Are you real?
Are you real?
I can't feel a thing

And this machine won't stop
Be here when I wake

Sing me to sleep
I won't fight it when you leave
Sing me to sleep
I won't fight it...

Oh
I wish you were here
I wish you were here
I wish you were here
Oh
