

Thunder

Matisyahu

I had to cross the line to leave you behind
With hopes to find some peace of mind
Now I'm looking for your voice through the chitter-chatter
that doesn't matter that's torn and tattered these angels on a ladder
This laughter
Strip away the extra plaster
I'm crashing fast
It's the morning after
Through the hum and the buzz
The thickness and the fuzz
I jump over puddles to stomp through the sludge

Look for me through the wind and rain
Sunshine remember my name
I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day

Look for me through the wind and rain
Thunder remember my name
I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day

I had to evacuate the premises
You're your own nemesis
The premises you're born and blood and leave the world penniless
I had to remember that there's darkness before the exodus
Split the sea
We'll flee to the next
Come and vent with us
I had to send and blend out
Spent it all on sentences fend off the members of relentless pessimists
I had to miss the world
Looking for the core
Cure my heart so I can live more

Look for me through the wind and rain
Sunshine remember my name
I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day

Look for me through the wind and rain
Thunder remember my name
I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day

Thunder
Remember my name
Thunder
Remember my name

City lights shine and I'm on my way
This time tomorrow I'll be on my way
At the break of day I look for you at sunrise
When the tide comes in I lose my disguise

Look for me through the wind and rain
Sunshine remember my name

I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day

Look for me through the wind and rain
Thunder remember my name
I'll be coming yes I'm running oh I'm on my way
Just stay and I'll be there by the break of day
Day...

Thunder
You feel it in your chest

Thunder
You feel it in your chest
