

Let's Hop On A Plane!

Matt Dusk

Way down in Barbados
There's a beach with our name
Bagels in Brussels
With a side of beignets
Why wait another day
We could be there now together
What do you say babe?
Let's hop on a plane

Big Suites in Vegas
Roll the dice win it all
Boat rides in Venice
Taking in the Taj Mahal
Why wait another day?
'Cause the world won't spin forever
What do you say babe?
Let's hop on a plane

We don't need a reason why
Flyin' high on cloud number nine
Leaving all of all cares behind
Mile high with you

Sippin' on the best champagne
Paradise we are on our way
To a coconut holiday
A brand new honeymoon

Jazz in New Orleans
Marching in Mardi gras
Next stop is Rio
Get dressed for Carnival

Why wait another day?
You and I can be jet setters
What do you say babe?
Let's hop on a plane

Sippin' on champagne
Paradise we are on our way
To a coconut holiday
A brand new honeymoon

So pack up your suitcase
Lots of things we can see
With you beside me
We'll make sweet memories

Why wait another day?
You and I can change the weather
What do you say babe?
Come on let's fly away
On a fine holiday
Let's hop on a plane
