

Spare Change

Matt & Kim

And it all
Comes down to hope
Came down on me
I'm begging you now
I'm begging you please
Comes down to hope
Came down on me

Someday spare change won't feel the same
Stand up real tall and wait to be called

Thoughts so strong I feel them when you're gone
Thoughts so strong I feel them when you're gone

And these old walks in the park
And meetings after dark
A sore sight for sore eyes
Run wild and free
You got no place to be

Comes down to hope
Came down on me
