

Krystal is a real pro  
She's a red rose  
She could wreck any home

Krystal is a good host  
On a talk show  
She could strike any pose

I forget if I ever loved anyone else  
I forget if I ever loved anyone else

K's eyes are like first prize  
These are hard times  
But she carries on by

Dressed nice in all weather types  
She will pass by  
At a point in your life

I forget if I ever loved anyone else  
I'm a mess and I'll never love anyone else

I forget if I ever loved anyone else  
I'm a mess and I'll never love anyone else

I'm obsessed and I'll never love anyone else  
I forget if I ever loved anyone else
