

My feet are frozen on this middle ground
The water's warm here but the fire's gone out
I played it safe for so long the passion left
Turns out safe is just another word for regret

So, I step to the edge and I take a deep breath
We're all dying to live but we're all scared to death
And this is the part where my head tells my heart
You should turn back around but there's no turning back now

I'm going all in
Headfirst into the deep end
I hear You calling
And this time the fear won't win
I'm going, I'm going all in
(I'm going, I'm going...) all in
(I'm going, I'm going)

I believe that one day I will see Your kingdom come
And I wanna hear You say, "Welcome home my child, well done"

So, I step to the edge and I take a deep breath
I'm not turning back around 'cause there's no turning back now

I'm going all in
Headfirst into the deep end
I hear You calling
And this time the fear won't win
I'm going, I'm going all in
(I'm going, I'm going...) all in
(I'm going, I'm going...) all in
(I'm going, I'm going...) all in
(I'm going, I'm going)

All to you Jesus, I freely give
As long as there's breath in these lungs I will live
With reckless abandon, my heart in Your hands
I surrender it all, I'm going... (I'm going all in)
(I'm going, I'm going all in)

I'm going all in (I'm going all in)
Headfirst into the deep end (I'm going all in)
I hear You calling [?]
And this time the fear won't win
I'm going, I'm going all in
(I'm going, I'm going...) all in
(I'm going, I'm going...) all in
(I'm going, I'm going...) all in
(I'm going, I'm going)

I believe that one day I will see Your kingdom come
And I wanna hear You say, "Welcome home my child, well done"
