

Can't Be Wrong

Maverick Sabre

No it can't be wrong
Moving on
No it can't be wrong
Moving on

Why does time never wait
Aren't you tired of the same
Carry on

No it can't be wrong
Moving on

It's hard to justify
When did you decide I could leave
Who am I supposed to love
Who am I even supposed to be

Been spending every night
And we've been here a while
And if staying here's a crime
Then I don't want to do the time

No it can't be wrong
Moving on
No it can't be wrong
Moving on

Why does time never wait
Aren't you tired of the same
Carry on

No it can't be wrong
Moving on

Darling, no I never meant to make you tired, never tired over me
Now that I paid back the time
Maybe I deserve some peace

Spending every night
And we've been here a while
Please
And if staying here's a crime
Then I don't want to do the time

No it can't be wrong
Moving on
No it can't be wrong
Moving on

And all I want is stay there...
