

Walk These Days

Maverick Sabre

See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these

I don't wanna walk these days 'round
I just need me some car keys
Jesus piece of Gardaí
'Cause I don't wanna walk these
I don't wanna always stay down
I'm giving up, it's been a hard week
Vivienne's billing up hardly
I'm better off singing sweet darlin'
Never gonna get this time back
Just sitting here getting too high, I
Always gonna wonder why I
Never got a chance to try, I
I been too long in the backseat
Gimme the keys to the caddy

I don't wanna walk these

See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these

Two hands on the wheel, two hands on the ride
Wonder will these days get better

In time or wonder will they pass me by
They want you with no dream, no schemes, no me oh my's
Now we're living in a concrete, these trees can free your mind

Never gonna get this time back
Just sitting here getting too high, I
Always gonna wonder why, I
Never get a chance to try, I
I been too long in the backseat
Gimme the keys to the caddie

I don't wanna walk these

See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
See, I don't wanna walk these days
And walk these times
And walk these, these
