

Baby Can You Love Me Slow

Maxi Priest

Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Baby, can you love me slow?

Sex me up I'm with it
Tell me what you want I'll give it
We can bring a different style with it
Play me over and over
I can feel the heat on it
Bring the rain and diamonds on it
You pushing me good and I'm all about it
You do

Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Baby, can you love me slow?

Hardcore loving, I'm down with
Slide, baby, I come around with it
We don't have to get complicated
'Cause talking, baby, is overrated
Bounce baby, baby, just rock me with it
Serious love that we won't forget it
You give me a yard style, love it wicked
And you got me going, baby, baby

Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Just like we got no place to go
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Just like we got no place to go

'Cause I just wanna make-believe
In the morning I don't have to leave
'Cause I don't really wanna know
'Cause tomorrow is another flow

Baby, can you love me slow
Just like we got no place to go
'Cause I just wanna make-believe

That in the morning I don't have to leave
Baby, love me slow
Your medicine is all I need
We don't have to rush
Take our time and crush
Sweat with it, sweat with it
Sweat with it

Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-

Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can-
Baby, can-
Baby, can you love me slow?
Baby, can you love me slow?
Baby, can you love me slow?...
