Maxi Priest

Check it!  
Don't wreck it!  
Set it!

I'm honorable  
Anybody violate you know we nah go ramp  
Fi try dem case  
Deh pon a level  
Seh nuh come to me wid foolishness  
Because me nuh hav no time fi waste  
Cah man a rebel  
Ever stand up for mi people dem  
Because it is my rightful place

Live by these guidelines  
Throughout my lifetime

And no matter where the wind blows  
We all should live by the code

Now when you're on top  
Reaping from that crop  
Thinking you're untouchable  
But when it all stops,  
Who gon' be your rock,  
When everything's dysfunctional?  
Because we never see it coming  
Whenever things are good and running  
That's how it goes  
Careful of the bridge you burn

See man ah rebel  
You should a know I'm 'bout the truth  
And certain things I say you might not like  
Cah some a devil  
I see the evil that they do  
And they know that they just ain't right  
Ah just the blessin'  
Strictly love ina mi heart  
Nuh bother think that you can block my light

Live by these guidelines  
Throughout my lifetime

And no matter where the wind blows  
We all should live by the code

Now when you're on top  
Reaping from that crop  
Thinking you're untouchable  
But when it all stops,  
Who gon' be your rock,  
When everything's dysfunctional?  
Because we never see it coming  
Whenever things are good and running  
That's how it goes  
Careful of the bridge you burn

That's how it goes  
Careful of the bridge you burn

You don't see them coming, yeah  
Watch the tables turn, y'all  
And you'll be running, yeah  
Just watch it burn

Now when you're on top  
Reaping from that crop  
Thinking you're untouchable  
But when it all stops,  
Who gon' be your rock,  
When everything's dysfunctional?  
Because we never see it coming  
Whenever things are good and running  
That's how it goes  
Careful of the bridge you burn

(I said)  
That's how it goes  
Careful of the bridge you burn  
(Yeah)  
That's how it goes  
Careful of the bridge you burn
