

I As A King

Maxi Priest

I as a King have followed the star
Respect and love straight from the heart
Fields and mountains
The world I've travelled
Following the glowing star

Star of wonder, star of night
Star of royal beauty light
Still proceeding always believing
Guide us forever more
Born is the King that gives to the world
Straight from Zion, love is the word
Praises forever and ever and ever
He reigns over us all

Star of wonder, star of night

Star of royal beauty light
Still proceeding always believing
Guide us forever more
Guide us forever more

My love, my heart is all that I have
Sharing the joys humanity has
Give praise to the father
Love to each other
Following the glowing star

Star of wonder, star of night
Star of royal beauty light
Still proceeding always believing
Guide us forever more
Yes he does
Guide us forever more
