

# I Could Be The One

Maxi Priest

I could be the one that can do you right  
I could be the one that just say good night  
Love you, treat you like it suppose to  
I could be the one if you for  
I could be the one there if you cold  
If you need, anytime  
Cause you deserve it all  
See from the first time I met you  
My heart rise up cause I never met no one like you  
They say the love comes in different ways  
In different places and man that's true  
And that the first love it's the deepest but I don't know about  
that  
All I know is I wanna fly with you  
I wanna fly with you  
I wanna fly with you  
I wanna fly with you

So baby let me be the one  
Let me be  
Let me be the one  
Let me be  
Let me be  
Let me be the one  
Ooh  
See I've been in a lot of places and I never  
And I swear: no one, no one like you  
And if you trust in me I'll prove you  
That no one, no one will do for you  
Like I will do and I swear and I swear  
I just wanna cry  
I just wanna cry  
Cause I really do is  
I wanna fly with you  
Wanna fly with you  
I wanna fly with you  
I wanna fly with you  
I wanna fly with you  
I wanna fly with you
