

It's A Summer Vibe

Maxi Priest

Everybody come alive
Everybody come alive

(Summertime)

Eh, it's a summer vibe, yeah
I know what you like, yeah
Eh, it's a summer vibe, yeah
I know what you like, yeah

I know what you like
A little bit of heat in the night
Where we don't gotta sleep at 5
Cause you are the flame in the dark
To give a light to my eyes
Hold me down
Baby, I could never, yes I could never
Come and let go of this feel
That I deliver, I deliver

With a little drop-top driving coupe breeze going by
Streets just living, these jeans on fire
So the party don't stop till the sun comes up

Light it up!

'Cause there ain't no mountain, ain't no valley low
Can separate me trying not to get right next to you

It's a summer vibe, yeah
Eh (summer vibe!)
It's a summer vibe, yeah
I know what you like, yeah
Eh, it's a summer vibe, yeah
I know what you like, yeah
