

# Let Them In

Maxi Priest

Now this is the season  
Love is the reason  
Why folks gather round  
It's Christmas time

Joy bells are ringing  
And children are singing  
Songs that warm your heart  
It's Christmas time  
Let them in, let them in  
Let them in, let them in  
Let them in

When love comes knocking  
You hear carols singing  
See the joy through the window  
Smile on their faces  
It's Christmas time

Let them in, let them in

Snowflakes are falling  
It's Christmas time  
Let them in, let them in  
Let them in

It was a nice Christmas morning  
When Savannah comes knocking  
Daddy wake up, it's Christmas time  
There's presents for the giving

And presents to be opened  
It's Christmas time  
Lots of hugs and kisses  
As we make our wishes  
Fireworks cracking, love in the kitchen  
It's Christmas time  
Let them in, let them in

Snowflakes are falling  
It's Christmas time  
Let them in, let them in  
Yeah, let them in

Have a reggae reggae Christmas  
That's what we wish you  
What a beautiful sound  
It's Christmas time  
Share love with your neighbour  
Let it bloom like a flower  
You'll never see me down  
When Christmas comes around  
When Christmas comes around  
Let them in, let them in  
Let them in, let them in
