

Looking For Love

Maxi Priest

So you've been [?] looking for Mr right
I'm sure it felt good for a while
You're good time lovers and [?]
In the big city, dancing all night
And now you're hurting inside

'Cause I've been looking for love in all the wrong places
Now you see the time has been wasted
Falling in and out of love
You better slow down, this heart can't take no more mistaking

You're a queen baby in this wide world
You gotta learn to take your time
They say nothing good comes easy
You gotta work to make it right
But loving don't come easy

'Cause you've been looking for love in all the wrong places
Now you see the time has been wasted
You're falling in and out of love
You better slow down, this heart can't take no more mistaking

It sure feels good when you're loving somebody
And somebody [?] loving you back
But it hurts so much when the table is turning
Nothing seems to work out right

'Cause you've been looking for love in all the wrong places
Now you see the time has been wasted
You're falling in and out of love
You better slow down, this heart can't take no more mistaking

Looking for love in all the wrong places
Now you see the time has been wasted
You're falling in and out of love
So you better slow down, this heart can't take no more mistaking
Looking for love in all the wrong places
Now you see the time has been wasted
Falling in and out of love
You better slow down, this heart can't take no more mistaking

Oh no
Can't take no more mistaking
Take no more
Oh no, no
No, no, no
Ooh, baby, baby
