

In your struggle for love  
Hate struck you down  
But in so many hearts  
You're still around  
You freed so many souls  
From the depths of despair  
But we will never forget  
The burdens you had to bare

(2x)

Oh Marcus we love you  
You never shy from the things you had to do  
Strength and courage pulled many through yeah  
Oh boy

Paving a different way  
Was the order of the day  
And I'm so glad to say  
Your teachings are here to stay  
The wicked cast you aside

But your missions have never died  
It lives on and on and on

You can't stop the ??? Marc, oh no  
You achieved the best of a bad situation  
Gave hope to the people of the nation  
Yes you did  
You achieved the best of a bad situation  
Gave hope to the people of the nation  
Yes you did, yes you did

Scattered all over the place, living in disgrace  
The people have lost their ways  
Their minds have gone astray  
Sheer hysteria  
Told us look to Africa  
To be our rightful home again

Look to Africa  
Boy, Marc, you do oo
