

Out In The Rain

Maxi Priest

Out in the rain, out in the rain, we're laughing
Together, together, together
Out in the rain, out in the rain, we're dancing
Together, together, together

See Inner Circle in the house, right?
Maxi Priest in the house, right?
Party people gonna dance all night
And we be singing 'cause it feels so right
So everybody just hold tight
Cause we be going till the morning light
So let me loose, let me go
So we can bring it with a different flow

Oh-oh-oh-oh-oh
Oh-oh-oh-oh, yeah-yeah
Oh-oh-oh-oh-oh
Oh-oh-oh-oh, yeah-yeah

Out in the rain, out in the rain, we're laughing
Together, together, together
Out in the rain, out in the rain, we're dancing
Together, together, together

So if you're down
You can come around
You're welcome to the party we're living in
There's no stopping
We're just popping
Let the rain, let the rain keep falling

(Down) Let the rain come down
(Down) Bring your friends around
(Down) Champagne popping
There's no stopping now
(Down) Ladies dripping down
(Down) T-shirts popping out

(Down) We're gonna have a bad boys party

Out in the rain, out in the rain, we're smiling
Together, together, together
Out in the rain, out in the rain, we're skanking
Together, together, together

Oh-oh-oh-oh-oh
Oh-oh-oh-oh, yeah-yeah
Oh-oh-oh-oh-oh
Oh-oh-oh-oh, yeah-yeah

Ladies dripping down
T-shirts popping out
We're gonna have a bad boys party
Excitement all around
Don't be missing out
Let the rain, let the rain keep falling
Down, down, down

Let the rain keep falling
Down, down, down
Let the rain keep falling

Out in the rain, out in the rain, we're laughing
Together, together, together
Out in the rain, out in the rain, we're dancing
Together, together, together
Out in the rain, out in the rain, we're smiling
Together, together, together
Out in the rain, out in the rain, we're skanking
Together, together, together
Out in the rain, out in the rain, we're laughing
Together, together, together
Out in the rain, out in the rain, we're dancing...
