Maxi Priest

If you have a problem with your love affair huh

There's problems with this love affair  
Problems and I can't get nowhere  
So woman you know if it was down to me yeah  
We would be together if it was down to me  
But the true circumstance is I am with another  
But she don't seem to understand why  
My mind just keeps on drifting back to you girl

Though folks may say certain things certain ways  
I know my heart will always stay  
Forever by your side, our love will never hide  
Our love will never hide

Painful heart and now I'm grievin'  
With lots of lovin' deep within, alright  
And now you feel what I am feelin'  
Tell me how it's gonna end, alright

So woman you know most times I wish that I  
Could be forever by your side and ever incomin' tide, oh  
I know I'm glad you came, oh baby  
True love is not a game, oh honey  
But you and I shouldn't have to live apart  
Though honey, I just don't know for sure

Though folks may say certain things certain ways  
I know my heart will always stay  
Forever by your side, our love will never hide  
Our love will never hide

Painful heart and now I'm grievin'  
With lots of lovin' deep within, alright  
And now you feel what I am feelin'  
Tell me how it's gonna end, alright

Problems with this love affair  
Problems and I can't get nowhere  
Problems with this love affair  
Problems, I still can't go nowhere hey hey yeah

If you have a problem with your love affair  
If you have a problem with your love affair
