

There's Nothing Like This

Maxi Priest

Baby baby baby
Sip a glass of cold champagne wine
The rug that we lie on feels divine
And there's no~ no~ no~ no~ I
If we two ecstasy the world of the night ringing in our ears we
're in flight
And there's no~ no~ no~no~ substitution

For what we have, no others can have

There's nothing like this,
There's nothing like this
No one could ever have what we have,
There's nothing like this no no

The lightest conversation has it's flow all the communications
don't you know
And I feel quite content Oh~ right now oh~ yeah

Just stick with me and we'll make history an exclusive pair in
love we will be
And there's no~ no~ no~ no~ substitution

For what we have, no others can have

There's nothing like this,
There's nothing like this,
Not even remotely like this

Oh~
There's nothing like this,
There's nothing like this,
Exclusive you and me baby
There's nothing like this,
There's nothing like this,
There's nothing like this...
