

U Bring out the Best in Me

Maxi Priest

Mmmm, oh yeah baby, ooooh lady, oh yeah,
From the first thing in the morning
Till the last thing at night
Every moment we're together
Till the early morning light
Got the sweetest conversation
With a TLC I know
You've got my full attention
Baby don't let go

You, you bring out the best in me
Oh you, you bring out the love in me
Oh you, you get to the heart of me
And the way I feel about you, I liked you
Ooh you, you bring out the best in me
Oh you, you bring out the love in me
Oh you, you get to the heart of me
And I need you by my side
For the rest of my life

When I work, I think about you
When I sleep, you're in my dreams
You're related for a lifetime
Just what forever mean
When I'm chilling in the sunshine
When I'm walking in the rain
No matter where I am
My feelings stay the same

You, you bring out the best in me
Oh you, you bring out the love in me
Oh you, you get to the heart of me
And the way I feel about you, I liked you
Ooh you, you bring out the best in me
Oh you, you bring out the love in me
Oh you, you get to the heart of me
And I need you by my side
For the rest of my life

Every day I count my blessings baby just for you
For all that you're giving me
And everything that you do
And this I must confess
Lady you're the best
You you you
I liked you
Repeat chorus
