

We Can Do It

Maxi Priest

Now this is Maxi Priest for the people
And this is Freddie Mc Gregor for the whole world
Mi nah tell you rude bwoy
Life is not how it seems eh
So we just have to deal with it
And deal with it straight up
Hail Jah

This one we're doing it for the people ooooh
This is how we do our thing yeah my Lord
What is man today living in this world
If he can't survive
We've got problems on our hands
Look at what we got
Life is worth a lot
He's given us his love
Are we going to throw it all away

We can do it
I know I know
Spread some love and show it
Do it while we can
Make it happen oh yeah (oh Lord)
Faith can move mountains oh well
(If you believe in what you got)

Now what is taken place
In this world today
Leaders gone astray
They're not looking our way
We must heal the soil
Then we share the spoils
That's the way to go
To give a helping hand

We can do it
I know I know
Spread some love and show it
Do it while we can
Make it happen oh yeah (oh Lord)
Faith can move mountains oh well
(If you believe in what you got)

We can do it

We can do it
I know I know
Spread some love and show it
Do the best you can
Make it happen oh Lord
Faith can move mountains
Don't you know that faith can
We can do it
I know I know
Spread some love and show it
I can you can we can
Make it happen yes Lord yes Lord

Faith can move mountains

We know we know we know we know

We can do it

Spread some love and show it oh Lord

We can make it happen

Faith can move mountains
