

Wildfire

Maxi Priest

Girl your love is like wildfire, spreading all over the world
Girl your love is like wildfire, spreading all over the world

I sent you roses many a time
Wanting you to come on over oh yeah
I heard a lot of things about you, people are so untrue
But I just wanna be with you

Girl your love is like wildfire, spreading all over the world
Girl your love is like wildfire, spreading all over the world

We'll sip champagne by the fire you and me girl
Together we'll sail in the moonlight
Just whisper a song as we sail along
Girl I wanna spend my whole life with you

Wild fire, wild fire, wild fire, wild fire ooh

Girl your love is like wildfire, spreading all over the world
Girl your love is like wildfire, spreading all over the world

You build me up
Every time I look into your eyes
You show me the way to lover's paradise
Whenever I'm afraid you always tell me go ahead
Whenever I'm in doubt you're always there to help me out

Girl your love is like wildfire, spreading all over the world
Girl your love is like wildfire, spreading all over the world

Girl your love is like sweet like honey
Oh lady, I wanna, I wanna, I wanna
Spend my whole life with you girl
Oh yeah ah yeah oh baby oh yeah
