

Woman In You

Maxi Priest

She loves me
And I know she wants me
She loves me
And I know she cares about me

Friends they keep on telling me
How she sits and talks about me
Folks they keep on telling me
How she always talks about me

Oh I've been such a fool
Not to realise the love we had
Gonna take this chance to prove to myself
That love is not a game
You and I should feel the same

Cos I recognise the woman in you
I recognise the woman in you

Let love free me
And break these chains that bind me
It's taken me time to see
The loving that surrounds me

I've been down on my luck before
Say oh Lord I can't take no more
Of this pain

Now I know it's gonna be alright
Cause with you I see the light
It's this way

Cos I recognise the woman in you
I recognise the woman in you

In the corners of my mind
I can hear the voice of love
It talks about you

There's a place within my heart
Leaves me longing for the night
To vibe with you

Cos I recognise the woman in you
I recognise the woman in you
I could feel the woman
The woman in you
I recognise the woman in you...
