

Your Love To Me

Maxi Priest

Ooh baby
Hey boy

Your love to me is like a tiny ray of sunshine
That brightens up the early morning skies
And just like the rain that falls upon your pretty flowers
The ones that are growing in your pretty garden

Ooh baby
You're my sunshine
And I got to tell you baby ooh

Your love to me is like a tiny ray of sunshine
That brightens up the early morning skies
Just like the rain that falls upon your pretty flowers
The ones that are growing in your pretty garden

Ooh baby
You're my sunshine
You're my baby

Ooh
They used to tell me
That you were the one for me
And they always told me
That we were just meant to be to be to be

Be my baby
You're my sunshine
Be my lady

Before I met you girl
My life was incomplete

I had a friend like you
No one to care for me

And I kept on thinking that one day I'd find somebody
Now I can see my future you and me yeah

Ooh baby baby baby
You're my sunshine

Ooh
They used to tell me
That you were the one for me
And they always told me
That we were just meant to be to be to be yeah

Be my baby
You're my sunshine
Ahh
Baby baby baby
Ooh baby
You're my baby
Sweet sweet baby

You're my sunshine
You're my sunshine
You're my sunshine
You're my sunshine
