Just because
You call my name
I cannot hear
It's not the same
You close your eyes
And knock me back
All the things that I had to have

And now you choose the thorny cave I can't believe what I had to say All the things you never say I'll never be what you want me to be

Now I can't disappear

Close your eyes and look at me I can't believe what I cannot see Everything is like you say Change your mind and you'll have to forgive

And I can't disappear Now I can't Now I can't
