

# You're Dead

Megadeth

When someone becomes nothing to anyone  
All feelings have died, anyone would know it  
They say those sticks and stones  
They say they crush my bones  
I say I don't get mad; I get even, before they do

Spoils go to the victor and dead on time  
your time is going to come

One day I'll dance on your grave  
Even if you're buried at sea  
Till then, till when I exact my revenge  
I'll tell them, "You're dead to me"

We're all just trying to hold on to innocence  
You think they'd notice what we're trying to do  
These wounds are invisible  
Underneath the dirt I still see the scars  
Back then when things got bad  
And we spread our wings and fly away

You'll take all your riches in the back of a hearse  
Your time is going to come

One day I'll dance on your grave  
Even if you're buried at sea  
Till then, till when I exact my revenge  
I'll tell them, "You're dead to me"

One day I'll dance on your grave  
Even if you're buried at sea  
Till then, till when I exact my revenge

One day I'll dance on your grave  
Even if you're buried at sea  
Till then, till when I exact my revenge  
I'll tell them, "You're dead to me"
