

# No Cure

Megan Hilty

I got this fever running through my veins  
Keep on trying but I just can't shake it  
All this medicine that I keep taking  
It ain't working, I keep hurting  
It's something more  
What if there's no cure

Pick me up and take me back to my bed  
Put a cold towel on my head  
You said try some of this instead  
Then you tell me that it's working  
But I'm not sure  
What if there's no cure

I've been blind since you left  
I can see no way out  
I've been dead since you left  
To any word of hope now  
And the scary things is  
It ain't getting any better  
What if there's no cure

I light a candle and I say a prayer  
I might need a miracle right here  
Cause I'm fading and I feel so scared  
I'm disappearing  
I used to feel you so much more  
What if there's no cure

I've been blind since you left  
I can see no way out  
I've been dead since you left  
To any word of hope now  
And the scary things is  
It ain't getting any better  
What if there's no cure

I keep trying to pull out  
Of this spiral that I'm in  
But you're burning up my heart  
It drums underneath my skin  
They say when you lose it all  
That you can't lose anymore  
What if there's no cure  
What if there's no cure

I've been blind since you left  
I can see no way out  
I've been dead since you left  
To any word of hope now  
And the scary things is  
It ain't getting any better  
What if there's no cure.
