Meghan Trainor

Everybody get up and get up yeah  
Everybody let go 'cause we don't care  
We single  
We goin' solo solo  
We goin' solo solo

I need everyone's attention  
I got things to say  
I got words to mention  
So come my way  
I don't need to be braggin'  
Not always open to how I feel

But tonight I'm gon' be

Single  
(Put 'em up for yourself yeah  
If you're wrapped here and you're)  
Single  
(Let me know that you're with me  
You're free tonight and)  
Single  
Single

For everyone who's single  
Just know that I'm with you  
Independent yes  
And we do what we gotta do

Oh I won't be you're one and only love  
I got time to mingle  
So let's do it up

I don't need to be braggin'  
Not always open to how I feel

But tonight I'm gon' be

Single
