

# Feels So Good

Melanie B

I was gonna get all soft and smoochy  
(Oh yeah) I love you baby (oh yeah)  
(Oh yeah) I love you baby (oh yeah)  
(Oh yeah) I love you baby (oh yeah)

Yipee

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide

Let's go from the very start  
When we met you and I were inseperable  
All at once we swapped our hearts  
Knowing that we had it right  
People got involved with us  
I should have pushed them all away  
Now I know what went wrong  
Why did is take me so long

Lovin' you, lovin' you, is the easy part  
Now I know, now I know, what to do with it  
Me and you, me and you, keeping it tight  
Cos two of a kind makes us so right

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide

Partnerships have ups and downs  
Understand you and I are not alone  
Feeling real normality  
Come on put your trust in me  
Believe in me when I say  
Everyone can keep away  
Now I know what went wrong  
Why did it take me so long

Lovin' you, lovin' you, is the easy part  
Now I know, now I know, what to do with it  
Me and you, me and you, keeping it tight  
Cos two of a kind makes us so right

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near

Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide

I know how I want you  
I know how I need you  
Together we'll always be  
Ever after happily  
Feeling free you and me  
No one can touch us now  
That is how it's got to be

Each passing day, we grow stronger still  
Like the after taste of a bitter pill  
Keep the hurt and pain far away from me  
Warm me in your glow of the ecstasy

Ladies holla if you hear me (oh yeah)  
Fellas holla if you feel me (oh yeah)  
Everybody can you see me (oh yeah)  
Cos two of a kind makes us so right

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide

Oh yeah, Oh yeah, Oh yeah, Oh yeah

I love you baby (oh yeah)  
I need you baby (oh yeah)  
I love you baby (oh yeah)

Oh yeah, feels so good  
I'm loving you like I should  
Remembering how it feels  
Letting go to have you near  
Oh yeah, feels so good  
I never thought that it could  
My feelings are deep inside  
This love I found won't ever hide
