

Jammin' Alone

Melanie

You d think I was doing good
With this smile upon my face
My rent is overdue
I leave here in disgrace
I know nobody loves me
And no one rings my phone
I m gonna get real good at, jammin alone
Jammin alone, jammin alone

There s a woman on my corner
With her rags, bags and wine
She s laughing with nobody
Beating out the time
She sees me and she s smiling
Cause she knows I m coming home
I recognize my sister, jammin alone
Jammin alone, jammin alone

Living well is the best revenge
Take pleasure where you can
Don t be too hard on yourself
Or your fellow man
And wear a smile upon your face
Till it becomes your own
And love your own sweet music
When you re jammin alone
Jammin alone, jammin alone
