

# The End Of The Affair

Melissa Manchester

I call you up  
You let me down  
I every way I turn  
I watch the baby visions of our love  
Baby they burn my eyes  
I ... away each due  
I hope and pray that you are join us

Tell her, tell her you're missing your baby  
(Why don't you) tell her  
Tell her right from the start  
You'll miss her, how you going to kiss her  
It's the end of the affair

I lost my love  
Ran away  
But every now and then  
I turn myself that I'm still leaving  
I'm gonna break your heart  
It's crazy love of mine  
that run of ... that keeps on turning

Tell her, tell her you're missing your baby  
(Why don't you) tell her (tell her)  
Tell her right from the start  
You'll miss her, how you going to kiss her  
It's the end of the affair  
Tell her, tell her you're missing your baby  
(Why don't you) tell her (tell her)  
Tell her right from the start  
You'll miss her, how you going to kiss her  
It's the end of the affair

I've been thinking all night long  
And I get back the signal  
Reason why my love ... say

Baby they burn my eyes  
Those baby visions of our love  
Baby they burns my eyes  
..... gonna

Tell her, tell her you're missing your baby  
(Why don't you) tell her (tell her)  
Tell her right from the start  
You'll miss her, how you going to kiss her  
It's the end of the affair  
(Tell her) Tell her you're missing your baby  
(Why don't you) tell her (tell her)  
Tell her right from the start  
You'll miss her, how you going to kiss her  
You'll miss her, how you going to kiss her  
It's the end of the affair
