

Big Winner

Mellowdrone

Eh eh not on the first time
I'm honored to sing the last line
You have been here digging engines
You and the salty dog

Show me your ropes now baby
Show me your ropes now baby

Big winner
Little women
Hey fancy tongue do some more
Kiss that little past goodbye
(hmp)

I do what needs to be done
No sense in wasting freedom
Charlton Heston has loaded God's weapons
He's aiming down from the stars

Show me your ropes now baby
Show me your ropes now baby

Big winner
Little woman
Hey fancy tongue
Do some more
Kiss that little past goodbye

Big winner
(HEY!)
Little women
Hey fancy tongue do some more
Kiss that little
(YEAH)
Kiss that little past goodbye
