

# Fall On Your Knees

Mellowdrone

Yesterday you saw smooth and truth like 40 times  
Everyone says that they love you to pieces  
So gather round and shake your hand 'cus you're so smooth

Fall on your knees  
(they will fall)  
I called the angels voices  
Yes wisemen  
(I'm here to help you)  
I'm so mad  
I'm gold  
(I love you)

You better rock

Suffocate it's so warm  
Bleed and please would you give me some more?  
make it cold and sharp  
Until I start pleading  
So gather round and shake my hand 'cus I'll cut you

Fall on your knees  
(she had the kid! awww)  
I called the angels voices  
Yes wisemen  
(we're here to help you)  
I'm so mad  
I'm gold

You better rock

Gospel so smooth  
And though I love you though  
You're so so smooth  
Go GO GO and row  
You're so so smooth  
And though I love you though  
(ow I love her though)  
You're so so smooth  
Go go and (and I love her) go row
