

Jumping Off The Pier

Mellowdrone

Our time has come
The morning sun
Has come to take her and there little wrenching away
I'm glad you've come

Kids were jumping off the pier
Swimming in the ocean
You had your credit card and some dirty notions
We should better wash our hands before our battle, love
Tricks and dirty little Ricks will get you to your home son

But now he asks
Liquified grasp
Heaven and hell went down on the day of eve
Like I am Eve

Kids were jumping off the pier swimming in the ocean
You had your credit card and some dirty notions
We should better wash our hands before our battle, love
Tricks and dirty little Ricks
Will get you to your home son

Kids were jumping off the pier
AND swimming in the ocean
You had your credit card and some dirty notions
You should better wash your hands before our battle, love

Tricks and dirty little Ricks will get you to your home son
